EDUCATION

2010 - 2014

**Electrical Engineering School "Nikola Tesla",
Belgrade**

School of Computers and Telecommunications.

2022

IT OiP Programming Course

Basic knowledge of frontend web programming

2022 - 2023

Harvard CS50 Course

Introduction to Computer Science

A self-taught developer with a huge desire and passion for further learning, daily advancement, new team tasks, and expanding my horizons in the field of computers and web coding.

WORK EXPERIENCE

2022

Learning Web Programming

- HTML** - an indispensable part of every project, excellent knowledge and fast handling.
- CSS,SCSS** - excellent knowledge of both languages, additional knowledge of Bootstrap but most projects are done in pure CSS
- Javascript** - Solid navigation and problem solving in this popular programming language. Manipulating objects, arrays, and loops. Solid knowledge of asynchronous procedures.

CURRENT GOAL

2023 - and further

React, NextJS

- I've been working in React for the past few months, making daily improvements in project complexity as well as speed and code quality. I have a solid knowledge of using libraries and a beginner's knowledge of React functionality. Next stop is NextJS.

SKILLS

Figma	<div><div></div></div>
GitHub	<div><div></div></div>
Bootstrap	<div><div></div></div>
Algorithms	<div><div></div></div>
Teamwork	<div><div></div></div>

2022 - 2023

C Programming Language

- Basics and introduction to C language, learning and using algorithms and data structures, completed 200+ tasks on Hackerrank.
